A HELP TO THE CITY

DR. TAYLOR SAYS NORMAL CON-
FERS BENEFIT ON ST. JOSEPH.

MAKES LEADERS OF MEN

A Mutual Interdependence of City and
Country Shown by the Doctor in
Extolling Normal's Merits.

President H. K. Taylor of the State Normal school addressed the Commerce club of St. Joseph Wednesday at their weekly luncheon on "The Relationship of the Normal to St. Joseph." The following is part of his address to the members of the club:

"The time is coming," said Dr. Taylor, "when the farmer must be a professional man, trained as a specialist in the working of the soil. Formerly anyone with a large amount of physical strength could take up the work and carry it on. Farmers all over the country are being brought to realize the necessity of a more scientific way of doing their work. Let me illustrate! Last winter we offered to test free of charge all samples of seed corn submitted. The result was that Nodaway county's average of corn per acre was raised just one bushel, which meant an increase of \$86,000. Think of that, and then realize what it would be if the average should be raised ten bushels. It would mean an increase of more than a million and a half dollars in Nodaway county alone, and the St. Joseph merchant would get the lion's share.

"I believe some day there will be no more little one-room school houses in the rural districts, and the sooner this is accomplished the better. It is absolutely necessary that the country boy and girl be kept at home, and there is no parental code, no commandments, be they twenty in number, that will bring this about until the boy or girl in the rural district can be brought to feel that he enjoys the same advantages and opportunities as the city boy or girl."

"A great bond of sympathy and good feeling should be existent between the Northwest Missouri Normal school and the city of St. Joseph," said Dr. Taylor. "There is much of mutual interest between the two, and the welfare of both should be, and is held in close regard by both. The Northwest Missouri Normal school is a part of and an institution in this rich, vast part of the state and looks to it for its support. This support has been all that could be asked for in the past, and yet we are taking the liberty of asking even more.

"St. Joseph and the Normal school are interdependent along many lines. Intellectually there is a common bond. We wish our school to be a place for the training of leaders. You must have leaders to make this or any other town a success, and nothing brings out leadership so much as a broad, liberal education. Socially the two are dependent upon each other. Both are but a community, made up of the individual, the one larger, the other smaller, yet both in the main constituted along the same lines, and both the same from the standpoint of the sociologist. Both are inter-related, from a civic viewpoint, and the same may be said of the mutual material welfare of both.

"The scope of the Normal school, as I said before, is to develop leaders, men who will be prepared to go out into the world and meet life's battles with confidence. Our school endeavors to prepare men for both community and individual life, and one of the greatest methods in bringing this about is the development of the rural community life.

"St. Joseph is the metropolis of the territory from which our school draws its support, and naturally we look to it to help us. We can help you, and our only wish is that the time may come when a Utopian relationship may exist between the two. We have received much from the city, and yet are asking even more.

"The Northwest Missouri Normal

school has gone forward rapidly in the last few years, and I believe that the future holds much in store for it. We have added new equipment, the curriculum has been improved so much that it now stands on a level with any of its kind in the United States. And we want the people of the city to realize this fact. Come and see for yourself just what we have to offer the young people of your city.

"And now I am coming to the methods by which I believe a closer relation may be brought about between St. Joseph and the Northwest Missouri Normal school. The secret of the whole thing, I believe, is that of improving the rural roads. I am a good roads enthusiast, but it seems to me that the importance of this phase of public improvement cannot be over-estimated. It means a closer linking of all sorts of community life, and this is what the Normal seeks to bring about. The high quality rural road is a factor, and perhaps the biggest, in bringing about a union between the town and country, the importance of which cannot be overlooked by anyone. I wish to congratulate the people of St. Joseph and Buchanan county in the splendid move that is now under consideration, that of issuing \$1,000,000 in bonds for the purpose of improving road work in this locality. May the project meet with the greatest success and may the time come when city and country are brought into absolute touch by means of this kind of improvement."

FLAG DAY FRIDAY.

No General Observance of the Day—
The W. R. C. Will Hold Cele-
bration Saturday.

Friday will be Flag day, but no general observance of the day will be made in Maryville. Flags will be hoisted on the school buildings and some of the public buildings. The national emblem adopted in 1777 was designed by Betsy Ross, a Philadelphia woman.

The W. R. C. of the city will observe the day on Saturday. According to the plans they will have exercises and also music by the Ladies' band in the court house yard. In connection with this will be an ice cream social.

ENROLLMENT NOW IS 457.

Debating Club to Be Organized Thurs-
day Afternoon—To Organize
Orchestra.

The enrollment of the State Normal school up to Thursday noon was 457. Several more will probably come for the special school term of forty-five days.

Great interest is taken by the students and several clubs and organizations are being formed. A debating club is to be formed and an organization perfected. A series of debates are to be given during the summer.

Steps were also taken Thursday to form a school orchestra.

PHIPPS AS CAPTAIN.

Lester Bennett as First Lieutenant as
Result of Company F Election
Held Wednesday Night.

At the election held in the armory Wednesday night of Company F, Ezra Phipps, who has been first lieutenant, was elected captain of the company to succeed E. S. Cook, who resigned. Lester Bennett was elected as first lieutenant. Both selections were unanimous. The election was in charge of Paul Sisson.

His Son Very Ill.

G. W. Hempstead was called by telegram Thursday morning to DeSoto, Mo., on account of the dangerous illness of his son, Rudolph Hempstead. The telegram was sent by G. W. Nichols of that place. Mr. Hempstead did not know that his son was in DeSoto, but thought that he was in Paducah, Ky., in his work with the freight office of the Illinois Central railroad. He received a letter from him about two weeks ago, saying that he expected to go to DeSoto about this time to attend the graduation of his friend, Mr. Nicholas, who was not known to Mr. Hempstead. This was the last word Mr. Hempstead had received from him, and the news of his illness Thursday morning was quite a shock to him. Mr. Hempstead thinks his son has succumbed to a nervous breakdown, due to overwork during the railway strike in Chicago, where he was summoned from Paducah to assist with the work in the offices there.

Guests From California.

Mrs. M. L. Slaughter and son, Blanchard, of El Monte, Cal., arrived in the city Wednesday night and is the guest of Dr. Grace Phelps.

Bedison Christian church will give a strawberry and ice cream social Saturday, June 15. All are invited.

IS HE IN COUNTY?

OFFICERS ALONG NODAWAY RIV-
ER ON LOOKOUT FOR MURDERER.

TRY TO TRACE SUSPECT

Unknown Man in West Part of County
Causes Uneasiness—One Arrest
Made in Illinois.

No arrest was made at Villisca, Ia., Wednesday or Thursday other than the arrest made at Monmouth, Ill., of Joe Ricks.

The authorities of Villisca, Ia., have ordered the police authorities of a number of towns along the Nodaway river to watch and be on the lookout for a man that didn't have on a shirt or a hat. Such a message was sent to Marshal Tibbitts of Skidmore Thursday morning by the chief of police of Villisca. The Villisca authorities stated that a man had been seen in the Skidmore neighborhood, and that they had been unable to trace him any further than that.

It is thought by the Skidmore people that probably the man the Villisca authorities had in mind was the stranger that appeared at W. J. Hitchcock's farm, five miles west of Skidmore, on Monday evening about 6 o'clock. He stayed at the Hitchcock home only about five minutes, and told him that he was from Omaha and was on his way to St. Joseph, where he had a brother. The stranger inquired the way to St. Joseph, and Mr. Hitchcock told him to go to Skidmore, then to Maitland and Savannah, and then on to St. Joseph. The stranger man then asked if he would go on south and missed these towns if he could get to St. Joseph that way. Mr. Hitchcock told him he could. The man said that he was very tired. He left Hitchcock's place and went on to Will Saunders' farm, where he spent the night in a barn on the place. From that place on the Skidmore people have been unable to find any trace of the stranger, who had on a brand new suit of clothes.

He was very tall. It is evident that the man wanted to keep off of the public highways. The people in that community were naturally suspicious when they heard of the Villisca murder the next day, and thought that the man might be connected with the affair.

WILL TAKE CHARGE OF ESTATE.

H. E. Ralston Was En Route to
Moore's at Time of Tragedy.

H. E. Ralston, formerly of Maryville, but now of Columbia, Mo., a traveling man, was called Wednesday to Villisca, Ia., to take charge of the estate of Joseph P. Moore, who was murdered Saturday night. Ralston and his family were on their way to visit the Moores, who were relatives, when they heard of the murder.

THE OIL CONTRACT LET.

The Work of Prospecting for Oil at
Hopkins Will Start Soon.

At a meeting of the board of directors of the Hopkins Gas and Development company held Tuesday at Hopkins, the contract was let to A. C. Mendenhall of Chanute, Kan., to sink one hole, and the contract stipulates that he is to load and ship his equipment from Chanute on or before June 20, which means that the work of drilling will be in full blast on or before the 4th of July, as it will take less than ten days after it is shipped for the machinery to reach Hopkins and be placed in working order, says the Journal.

The president of the company, Dr. D. A. Sargent, says it has not as yet been decided where the first well will be sunk, but that the directors will soon decide on this point, and that the work of drilling will be pushed with vigor—the contractor having decided to run two shifts of men and work day and night.

Guests From Michigan.

Mrs. Anna Tindler and daughter, Miss Anna, of Bangor, Mich., arrived in Maryville Thursday morning for a visit with Mrs. Tindler's sister-in-law, Mrs. H. P. Childress, and family. Mrs. Childress has two other guests, Mrs. Jennie Tindler and daughter, Mrs. Sadie Coop, of Minooka, Ill., who have been here several days, but expect to leave for their home Thursday night.

Mrs. Mary Keeler went to St. Joseph Thursday morning to spend the day with her daughter, Miss Frances, who will be graduated the 19th of June from Sacred Heart convent of that city.

NEW ELEVATOR HERE

WILL BE INSTALLED IN ST. FRANCIS
HOSPITAL NEXT WEEK.

\$150 NEEDED FOR FUND

Committee Will Receive Money or
Either of the Newspaper Offices
Will Take Subscriptions.

The new elevator for St. Francis hospital arrived in Maryville Saturday and will be installed some time next week.

The man whose business it is to place the elevators for the elevator company is busy installing elevators in other places and cannot reach Maryville before next Monday.

The committee in charge of the elevator fund, Mr. Nic Sturm and Mr. C. J. Alderman, lack \$150 of having enough money to pay for the elevator. Anyone wishing to contribute anything to this fund may see them or call the newspaper offices and let the amount they wish to subscribe be known.

This was one of the most needful things Maryville people have assisted in securing. The old elevator is positively dangerous, and only the careful manipulation of its machinery by the Sisters has averted many accidents. It is a bad thing to have in the hospital on account of the patients, for it creaks and groans fearfully on its trips and annoys the sick people.

BLUE GRASS FIVE FEET TALL.

Kentucky Blue Grass Region Has Rival
in Nodaway County Product.

Michael Ray, who superintends the farm of James B. Robinson, three miles south of Ravenwood, brought to The Democrat-Forum office Thursday morning a sample of blue grass taken from the pasture on that farm that is five feet tall and thickly headed. The grass was taken from a 40-acre pasture that is all in blue grass that will average five feet. There is also growing around this place blue grass that averages three feet in height.

TO SPEAK TONIGHT.

Attorney General Major at the Court
House on Political Issues of
the Day.

Attorney General Elliott W. Major will speak at the court house this evening at 7:30 o'clock. He arrived in Maryville on the afternoon Burlington train from Hopkins, where he spoke this afternoon. Mr. Major is a candidate for the Democratic nomination for governor of Missouri, and is here in the interest of his candidacy.

Won Columbia Scholarships.

Walter E. David of Maryville, who won the "Big Six" honors of William Jewell college at Liberty for the year 1910, when he was graduated from that institution, has just received word that he has won one of the scholarships given the students who made good in the law school of Columbia university in New York City the past year. His friend "Billy" Farr, who is visiting friends in the city, was also a winner of one of the scholarships in the same school. The scholarship stands for \$150, or the price of the tuition for one year, which will be free to them the coming year, because they worked good and hard the past year.

Will Move to St. Louis.

Miss Sebe Rowley arrived in Maryville Thursday morning from Webster Groves, Mo., where she has been teaching in the public schools the past year. Miss Rowley has been re-elected to her position there and will return to Webster Groves in about one month, accompanied by her mother, Mrs. S. R. Rowley. Miss Rowley and her sister, Miss May Rowley of St. Louis, have leased a residence in Webster Groves, and Mrs. Rowley will remain there for a year and make her home with them. When they are located it will be the first time in forty-one years that Mrs. Rowley's postoffice address has changed. Maryville has been her address since she and her husband, the late S. R. Rowley, located in Maryville at that time.

Waldo Holt Home.

Waldo Holt arrived in Maryville Thursday noon from Annapolis academy, where he recently graduated. Mr. Holt will be in the city for a month or so on a visit to his father, L. R. Holt.

Mrs. E. A. Ware of Barnard was in Maryville Wednesday.

WILL SING IN ASSEMBLY.

Mrs. Pearl Hutton-Schrader Will Give
a Few Numbers at State Normal
Friday Morning.

The people of Maryville may have opportunity to hear Mrs. Pearl Hutton-Schrader of Spokane, Wash., in the State Normal auditorium Friday morning at 10 o'clock, at the assembly hour. Mrs. Schrader is one of America's greatest singers, and her appearance at the Normal will be a rare opportunity for Maryville lovers of music.

The complimentary recital that was to have been given for Mrs. Schrader this Thursday evening by Director Landon in Recital hall has been postponed until Saturday evening on account of Mrs. Schrader's indisposition.

About sixty of the friends of Mr. and Mrs. W. J. Hutton, whom Mrs. Schrader is visiting, have been invited to hear and meet their guest.

The announcement of this recital gave the impression that the public was invited to hear her, but anyone who will think a moment about the capacity of the hall will know that only a limited number can be seated.

Mrs. Schrader will be heard to much better advantage in the Normal auditorium, if she is able to sing, because the size of the room will show the quality and range of her voice.

DEMENTED MAN HELD.

Man by Name of John Miller Picked
Up Near Hopkins and Brought
to Maryville.

A demented man going by the name of John Miller was arrested Wednesday afternoon six miles west of Hopkins and brought to Maryville, where Sheriff Tilson will hold him for several days for investigation. Miller had been in that community only a day or so and had been sleeping in the timber. The appearance of the stranger caused quite a bit of unrest in that community, as some people thought the man might have some connection with the Villisca murder case.

The man is about 30 years old, and when Sheriff Tilson asked him for his name he said:

"Well, my right name is not John Miller, but I will go by that name, as that is good enough."

When questioned further by Sheriff Tilson, Miller said he had served a penitentiary term at Jefferson City of four years and was released only last fall. The man is about 30 years old. Miller told the sheriff:

"I am crazy whenever I am in a crowd, as the people think I am that way."

GIANTS WERE VICTORS

In Second Game of Normal Base Ball
League—Criss and Wilson in
Pitchers' Duel.

Standing of Teams.

| | Won. | Lost. | Pr. Ct. |
|-----------|------|-------|---------|
| Giants | 1 | 0 | 1.000 |
| Athletics | 1 | 0 | 1.000 |
| Rounders | 0 | 1 | .000 |
| Pirates | 0 | 1 | .000 |

In the second game of the Normal base ball league the Giants nosed out the Rounders by a score of 6 to 4, at the Normal park Wednesday afternoon. Len Criss, the mainstay of the Normal pitching staff in 1911, worked on the mound for the Giants, and "Jew" Wilson, whom Coach Moore relied upon for about 99 per cent of the twirling this spring, was the Rounders' slab artist. Both heavies showed their old-time form and caused a large number of the sluggers to beat the atmosphere. The work of the two men was about even, and errors were responsible for most of the tallies. Coach Moore played the initial sack for the winners and showed his hopefuls how to play first base.

A double bill will be put on Saturday, beginning at 2:30, when the Giants meet the Athletics and the Rounders hook up with the Pirates.

CLEARMONT MAN ARRESTED.

Charged With Assault With Intent to
Rape—Man is 59 Years Old.

Newton Powell of Clearmont was arrested Wednesday on a charge of assault with intent to rape. The prosecuting witness is Metta A. Maddox. Mr. Powell is 59 years old. The case will come up at the June term of circuit court.

for the President.

Missouri, with its contests, occupied the boards before the Republican national committee at Chicago Thursday. The committee gave Roosevelt the four delegates at large from this state. At the Republican state convention they selected eight delegates at large with half a vote each, but the committee decided that four was the right number, and it was unnecessary to increase the number of delegates. The vote on this contest was unanimous.

The other Missouri contests, the first district, the third district, the fifth district, the seventh district and the fourteenth district were compromised. Taft receiving six of the delegates and Roosevelt four. The dispatch from Chicago did not state the districts that Roosevelt got, but it is thought it was the fifth and fourteenth.

Famous Astrologer and Clairvoyant Visits Maryville

Mr. W. R. Bernay of St. Louis, Is for
a Week at Fourth and Buchanan
Streets.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travels, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating?

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are \$1.00 and \$2.00. Everything strictly confidential.

Mr. Mitchell will arrive in St. Joseph next week to be the guest of his fiancée, and together they will visit Mr. and Mrs. Otis' parents, Mr. and Mrs. J. N. Otis of near Hopkins. Mr. Mitchell's home is in Conway, Ark. He is a graduate of the Missouri state university.

Mrs. J. A. Ford and daughter, Miss Helen, went to St. Joseph Wednesday evening to visit the family of Mrs. Ford's cousin, R. C. Benight.

COWPEA HAY FOR DAIRY COWS.

Has About Same Feeding Value as Alfalfa and is Some Better Than Clover.

What about the hay crop? Will you have plenty of good forage for next winter or will you be forced to fall back on straw or crab grass hay? Cows cannot maintain their milk yields unless fed liberally of the right kind of feeds. These feeds must contain a relatively large amount of protein. This is furnished most cheaply in forage. It is not found in sufficient quantities for milk cows in timothy, prairie grass, crab grass, sorghum or straw, but is found in cowpea, soy bean, alfalfa or clover hay.

The cowpea has about the same feeding value as alfalfa and is some better than clover. Cowpeas can be sown after wheat or oats, and will generally mature enough to cut for hay before frost. As soon as the crop which they are to follow is removed the stubble land should be double disced and then harrowed to make the best possible seed bed. The seedling can be done with an ordinary grain drill using the oat cups wide open. This will sow at the rate of four or five pecks to the acre.

It is best to cut the peas for hay when the first pods ripen, shocking them in narrow high shocks the day after cutting, and allowing to cure in the shock for a couple of weeks. With favorable weather the hay will be ready to bale, stack or mow away at the end of that time. Rains do not harm the hay very much when in the shock.

On average soil sown as indicated above in an average season, cowpea hay makes about a ton per acre. Farmers with dairy cows or any other live stock should sow as much as possible on stubble or any other vacant land. Now is the time to get ready to sow, so says the department of dairy husbandry, University of Missouri at Columbia.

Gave Them a Surprise Party.

The children and friends of Mr. and Mrs. C. T. Dougan of Barnard gave them a very happy surprise dinner Sunday in celebration of Mr. Dougan's sixty-third birthday. It was a complete surprise to both Mr. and Mrs. Dougan, and also Miss Effie Dougan, who had gone to church and knew nothing of it until she returned. All brought well filled baskets with good things to eat, and dinner was served at 2 o'clock. All enjoyed a very happy day and departed wishing Mr. Dougan many more such happy birthday anniversaries.

All the children and grandchildren were present, with the exception of Mr. and Mrs. Willie Pearce and two children of Maysville, Mo.

Those present were Mr. and Mrs. Frank Dougan and children, Mr. and Mrs. Elmer Dougan and children, Mr. and Mrs. Walter Dougan and daughter, Mr. and Mrs. Lee Rasco and children, Mr. and Mrs. John Dougan, Mr. and Mrs. S. S. Dunn, Mr. and Mrs. Roy Dane, Mr. George Dunn, Jr., and Mrs. Wilmer Clayton and son, and Miss Effie Dougan.

Left for Idaho.

Mr. and Mrs. J. S. Stewart of Parnell, who have been spending a few days in Maryville at the home of Mrs. Hooker's sister, Mrs. Hal T. Hooker, left Wednesday evening for their new home in Twin Falls, Idaho.

Gone to Oklahoma.

Mrs. Hosea Torrance and her granddaughter, Miss Mary Woodridge, left Wednesday evening for Okmulgee, Okla., to visit her son, L. B. Torrance, and family. They will visit in Kansas City and St. Joseph on their return.

Children's Day Exercises.

The Pickering M. E. Sunday school will give their annual children's day program next Sunday evening, June 16, beginning at 8 p. m. All are cordially invited to attend.

Returned to Oklahoma.

Mrs. Melborne Archer of Billings, Okla., and Miss Ethel Archer of Medford, Okla., who have been visiting Mrs. James Richardson of Elmo, left for their home Wednesday evening.

Visiting in the City.

Mrs. V. Danford of Stockton, Cal., and daughter, Mrs. James Maharry of Lenox, Ia., arrived Thursday to be guests of Mrs. C. J. Alderman for two or three days.

Mrs. Charles C. Allen and son of Kansas City arrived in the city Wednesday night on a visit to Mrs. Allen's sister, Mrs. Edward G. Orear.

The Kayser silk hose have a lisle foot and top, price \$1.

☐ Wayne knit pure silk hose—the best quality made—lisle sole, for \$1.50; silk sole \$2.

Summer Fabrics That Are In Much Demand

We are always on the watch for the new fabrics which prove to be in demand—here we give a short list of the most popular fabrics used.

Ratine Cloth

For the smart Norfolk suits so much in evidence now, and for making skirts and coats, this ratine cloth is especially suitable. The ratine cloth received this morning is very rough and comes in four shades—white, china blue, champagne and linen. 38-inches wide. Price \$1 a yard.

Linen Cloths

Linen cloth on account of its ability to shed dust readily is adapted for making motor and traveling coats, and because it wears well many Norfolk suits and skirts are made of it. We carry the heavy crash linen, the ramie linen and the heavy suiting linen. In the natural color, light and dark blue, pink, rose, and lavender. Prices range from 35c to 50c a yard.

Pique and Cotton Corduroy

Plain white, in wide, medium and narrow welts. Three weights; priced at 35c, 40c and 50c a yard.

Air Loom Mulls

One glance at these Air Loom Mulls will show their desirability for making evening costumes and dainty summer dresses. The June Bride, too, can discover many uses for them. Has silk running one way, giving a very fine silk luster. An unusually good value for 35c a yard.

Mercerized Serges

Plain cream serges, and white with black stripes, and cream with black stripes, 36 inches wide. Very desirable for outing wear. Price 35c a yard.

Pongee Silk

This extra heavy Pongee Silk is much used for making fine motor suits and coats. In serviceable tan and dark gray shades. Full 36-inches wide. Price 75c a yard.

Holly Batiste

Holly Batiste is the standard fine batiste of America. Made from carefully selected cloths, warranted full count and guaranteed to be perfect. 30-inches wide. Price 15c a yard.

MEXICAN REBELS ARE ENCOURAGED

General Huerta's Resignation De-
moralizes Federals.

EXPECT TO SECURE BIG LOAN

Revolutionists Receiving Fresh Am-
munition Daily—Government
Forces Lost Heavily Near
Casas Grandes.

Chihuahua, Mex., June 13.—Reports of partial demoralization in the federal ranks, due to Gen. Huerta's determination to resign command, have inspired the rebels with fresh confidence. To hold Chihuahua against the federal Gen. Orozco has sent West and North a considerable force of men, and Gen. Campa received orders to lead a column northward and eastward from Falmir in the direction of Ojinaga.

The rebels insist that their supply of ammunition is being augmented almost daily, and express optimism regarding the efforts being made to float the loan of \$5,000,000 in gold authorized by the state legislature.

Federals Defeated.
Capt. Castillo defeated a force of Maderistas under Capt. Bencomo Aguiar, on the line of the Kansas City, Mexico & Orient, near Casas Grandes.

The government band lost heavily and fled, leaving their horses behind, according to official reports to headquarters. The rebel loss was two dead and seven wounded, who were brought here.

Campa to Move Eastward.

El Paso, Tex., June 13.—Gen. Orozco announced at Chihuahua that he had ordered Gen. Campa to move eastward on Ojinaga, where federals under Gen. Sanjines are gathered. The general impression, however, is that Campa actually has been directed westward to harass the big federal columns stretched along the Mexican Northwestern railroad from Minaca on the south to Pearson on the north. This cordon of government troops on the west flank of the rebel zone is admittedly much more formidable than the forces under Gen. Sanjines. The forces coming from the west, however, under the general command of Gen. Jose De La Luz Blanco, when united, will number at least 3,000 men.

MUST QUIT GROWING TOBACCO

Methodist Farmers in Canada Or-
dered to Cease Raising Profit-
able Crop.

Detroit, June 13.—"Thou shalt not grow tobacco," is the newest commandment of the Methodist church in Canada, affecting church members who are farmers in the rich tobacco growing lands of Essex county, just across the river from Detroit. Methodists who continue to cultivate the weed will do so in face of the "uncompromising opposition" of the governing body of their church.

MRS. MCGILL BROKE DOWN

Gives the Real Facts In Regard to
Her Case and Tells How She
Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

PRESIDENT TAFT GAINS 40 MORE

Contests in Five States Settled
Against Roosevelt.

STILL 112 CASES TO PASS ON

Committee Members Expect Conven-
tion to Open Before Work is
Completed—Missouri and
Oklahoma Come Next.

Chicago, June 13.—President Taft gained 40 more votes in the Republican national convention, through the settlement of contest cases by the national committee.

It was a day of Taft victories exclusively. In the cases of the California, Arizona and Michigan contests, the Roosevelt forces made a fight and voted their full strength against the Taft delegates.

In the California case they obtained a rollcall, losing 16 to 37; in the Arizona contest they failed to get a rollcall, and in the Michigan case none was asked, although they voted against seating the Taft delegates-at-large.

Five States Settled.

The contests settled in favor of President Taft were:

Arizona—Delegates-at-large... 6
California—4th District... 2
Louisiana—Six delegates-at-large and
1st, 2d, 3d, 4th, 5th, 6th, 7th dis-
tricts... 20
Michigan—Delegates-at-large... 6
Mississippi—4 delegates-at-large and
1st district... 6

Total... 40

Pearl Wright, national committee-
man from Louisiana and the Roose-
velt leader there, lost in his fight to
seat the Roosevelt delegates from that
state. An effort was made by Com-
mitteeman Harry S. New to end the
long standing difference among
Louisiana Republicans by officially
recognizing the Loisel faction, now
controlling the state Republican or-
ganization there, but Mr. Wright
headed off such action.

Unseated Gov. Osborn.

Gov. Chase S. Osborn of Michigan
and his Roosevelt delegates-at-large
were unseated by the decision of the
Michigan case for Taft.

The national committee had before
it, when it adjourned at night, 112
contested seats still to pass upon.
Chairman Victor Rosewater, in a
statement at the end of the session,
said the committee was not keeping
pace with the work of the last con-
vention. Members of the committee
fear that the contests will run well
over into the opening day of the na-
tional convention.

The remainder of the Mississippi
contests, and those from the states of
Missouri, North Carolina, Oklahoma,
South Carolina and Tennessee will,
it is believed, be disposed of next.

ALUMINUM WINGS NOT STRONG

Death of Army Aviators Was Caused
by Weakness of Machine Being
Tried Out.

Washington, June 13.—Lieut. Leigh-
ton W. Hazlehurst, the army aviator,
and Arthur L. Welsh, the Wright
pilot, who were killed in the collapse
of an army aeroplane at College Park,
Md., probably met death as the re-
sult of Welsh's anxiety for the speedy
2,000-foot climb they were attempting.

Officers of the army signal corps
point out that the collapse of the
aluminum wings of the big plane
probably was caused by the unusual
strain thrown upon them when Welsh
sharply increased the speed. It was
the first army machine to be equipped
with metal wings and their strength
was more or less an unknown quan-
tity.

A special board of inquiry met on
the aviation field to investigate the
accident.

DEATH LIST WAS EXAGGERATED

Only One Life Lost in Wyoming
Cloudburst—Property Damage
Over \$400,000.

Billings, Mont., June 13.—When tele-
phonic communication was restored to
Buffalo, Wyo., reports that the
cloudburst which sent a wall of water
down the narrow valley of Clear
creek canon upon the town had
caused many deaths, were proved un-
founded. One man was drowned, but
others reported as missing have been
found.

A dozen frame and brick buildings
were washed away. The property
damage is estimated at \$400,000.

Earthquakes in Georgia.

Augusta, Ga., June 13.—Distinct
earth shocks were felt here, at Co-
lumbia, S. C., and Savannah, Ga.
Houses were rocked and the sleeping
inhabitants were awakened when
their beds swayed and moved several
inches. Three shocks were felt, each
lasting about 15 seconds. Little dam-
age was done and no person was hurt.

Degrees to 400.

Iowa City, Ia., June 13.—Nearly
400 graduates received degrees at the
University of Iowa commencement.
The commencement address was de-
livered by President John H. Finley
of the College of the City of New
York.

BERNEY HARRIS

Maryville's Leading Clothier

Received an "ad" from large New York house which reads:

"To Make a Man Buy Seize His Eye"

Did you ever hear a more cold blooded proposition?
"Berney" says he will not seize a man's eye because
He does not want Maryville people with only "one eyed men"
Then the many "Nobby and Nifty Styles" of well made
articles carried in all the different departments of this

"Strictly High Grade Clothing Store"

Are sufficient to "attract men's eyes" without stealing their optics.

"The prices being so very reasonable."

All prices are marked in plain figures.

And these prices prevail to every customer alike

Which "Attracts" your "coin" to Berney's cash register, but al-
lows you to depart with as many eyes as you entered store.

But this "ad" was not intended to simply tell of the
many nobby styles of highgrade Clothes or their very reason-
able prices, or the square deal we give every customer by
having

"Strictly One and the Same Price to All"

As nearly everybody in Maryville and Nodaway county knows that

But the Women of Nodaway county
Are after the Men of Nodaway county
They are tired of darning your socks.

They are wearing "Holeproof" Hosiery and so are their
children. Six pair are guaranteed not to have holes for six
months from wear. If holes come from wear anytime with-
in six months from date of purchase.

"Don't darn them. Send the Socks back. Get new pairs free."

That is why the women are after the men—they want
you to go to **BERNEY HARRIS STORE**, buy 6 pairs men's
"Holeproof" hose for \$1.50 for yourself, also buy 6 pairs for
your wife and children.

Just as going to press with this "ad" received another
suggestion from that "New York ad writer" something about
Three Volts of Electricity.

"In the Sometime" or "Any old time" I wonder if he
wants me to "shoot those "three volts of electricity" into
those one eyed men he wanted in Maryville.

We have just received our fall stock of new rugs in various sizes. Many beautiful new patterns shown for the coming season. New patterns in seamless axminsters at \$25.00 not shown before

The feature from buying rugs from us is that you get exclusive patterns and you will not find these elsewhere. The designs are patented and are much handsomer than patterns running in the general line. They are designs taken from the fine German rugs. Rugs have advanced in price for the coming season but our prices on axminsters will not be advanced.

You can buy the new designs from us now and those wanting rugs should buy before the assortment is broken.

CALIFORNIANS ARE AROUSED

Unseating of Delegates Caused Great Demonstration.

WOULD SUPPORT THIRD PARTY

Three Thousand at Depot When Delegates Left, Urging Them Not to Return Unless T. R. is Nominated.

Los Angeles, June 13.—Declaring that the California delegation would bolt if Taft was nominated at the Chicago convention the delegates, including the two women delegates, left at noon on a special train for the convention city.

Three thousand men and women were at the station to urge them by resolution to bolt if need be, but not to come back unless Roosevelt were nominated by one or another convention.

The two delegates from the fourth district, who were deprived of their seats, gave out signed statements as follows:

By Charles S. Wheeler, who is a leader of the San Francisco bar: "It is not so much a move against us as against the will of the people whom we represent."

By Phillip Bancroft: "It is rank robbery and we do not intend to stand for it. We are prepared to fight to the finish for the places to which the Republican voters of California have elected us."

Protests From 3,000.

A great mass meeting was organized at the station immediately after the train had pulled out. The resolutions adopted condemn as a betrayal of trust, a violation of the precepts of decency and honor, and as an intentional assault upon the integrity of the Republican party the outrageous conduct of the Republican national committee whereby delegates chosen by the people of their respective states in the interest of Theodore Roosevelt are being denied seats in the convention.

Suffragettes Out in Force.

Marshall Stimson, a southern California delegate, declared that the California delegation will stick to Roosevelt to the last and if there is any bolting they will support him.

Mrs. Florence Collins Porter and Mrs. C. D. Blaney, the two women delegates, were given a great send off by the suffragettes organization.

Newspaper supporters of the "progressive" wing of the Republican party greeted the delegation with editorials urging them to support a third party movement if Roosevelt should not be nominated.

TRAVELERS HAVE LIVELY TIME

Egyptian Hustlers of Illinois Meet at Du Quoin for Good Time—Business Comes Last.

Du Quoin, Ill., June 13.—The biggest meeting ever held by the Egyptian Hustlers, the organization of commercial travelers of southern Illinois, opened here today with a reception to the visitors. In the afternoon all gathered in the city park and Mayor Jacobs welcomed them. President Pace responded and then the queen of the meeting was crowned. A parade of the hustlers, clad in white suits, followed, ending at the aviation field, where there was an aeroplane exhibition and a band concert. The evening program includes fireworks and a ball. Tomorrow a program of amusing races and other athletic events will be followed by a band concert and a mardi gras parade. The meeting closes with business sessions on Saturday.

WESTERN CEMENT RATES STAND

Interstate Commerce Commission Refuse Tariff Change on Complaint of Kansas Mills.

Washington, June 13.—The interstate commerce commission declined to disturb existing freight rates on cement in the Middle West, "except as to Oklahoma, where certain reductions are made to place Oklahoma on a substantial parity with other cement rates in this general territory."

Certain cement mills in Kansas complained to the commission that their rates on cement to Kansas City and destinations in Missouri, Nebraska, Colorado, South Dakota, Montana, Oklahoma and Texas were unreasonable and discriminatory. With the exception of the Oklahoma rates, the tariffs were permitted to stand.

Lost a Mine Bath Test Case.

Pittsburg, Kan., June 13.—Phillip Roser, superintendent of the Western Coal Mining company, was found guilty in the district court of violating a new state law requiring mining companies to furnish bath houses to employees. The trial was regarded as a test case under the new statute.

Body Found at Rich Hill.

Rich Hill, Mo., June 13.—The body of an unidentified man was discovered by boys floating down the Maries des Cygnes river east of Rich Hill. It has not yet been recovered and there is no clue to the identity.

A HELP TO THE CITY

DR. TAYLOR SAYS NORMAL CON-
FERS BENEFIT ON ST. JOSEPH.

MAKES LEADERS OF MEN

A Mutual Interdependence of City and
Country Shown by the Doctor in
Extolling Normal's Merits.

President H. K. Taylor of the State Normal school addressed the Commerce club of St. Joseph Wednesday at their weekly luncheon on "The Relationship of the Normal to St. Joseph." The following is part of his address to the members of the club:

"The time is coming," said Dr. Taylor, "when the farmer must be a professional man, trained as a specialist in the working of the soil. Formerly anyone with a large amount of physical strength could take up the work and carry it on. Farmers all over the country are being brought to realize the necessity of a more scientific way of doing their work. Let me illustrate! Last winter we offered to test free of charge all samples of seed corn submitted. The result was that Nodaway county's average of corn per acre was raised just one bushel, which meant an increase of \$86,000. Think of that, and then realize what it would be if the average should be raised ten bushels. It would mean an increase of more than a million and a half dollars in Nodaway county alone, and the St. Joseph merchant would get the lion's share.

"I believe some day there will be no more little one-room school houses in the rural districts, and the sooner this is accomplished the better. It is absolutely necessary that the country boy and girl be kept at home, and there is no parental code, no commandments, be they twenty in number, that will bring this about until the boy or girl in the rural district can be brought to feel that he enjoys the same advantages and opportunities as the city boy or girl."

"A great bond of sympathy and good feeling should be existent between the Northwest Missouri Normal school and the city of St. Joseph," said Dr. Taylor. "There is much of mutual interest between the two, and the welfare of both should be, and is held in close regard by both. The Northwest Missouri Normal school is a part of and an institution in this rich, vast part of the state and looks to it for its support. This support has been all that could be asked for in the past, and yet we are taking the liberty of asking even more.

"St. Joseph and the Normal school are interdependent along many lines. Intellectually there is a common bond. We wish our school to be a place for the training of leaders. You must have leaders to make this or any other town a success, and nothing brings out leadership so much as a broad, liberal education. Socially the two are dependent upon each other. Both are but a community, made up of the individual, the one larger, the other smaller, yet both in the main constituted along the same lines, and both the same from the standpoint of the sociologist. Both are inter-related, from a civic viewpoint, and the same may be said of the mutual material welfare of both.

"The scope of the Normal school, as I said before, is to develop leaders, men who will be prepared to go out into the world and meet life's battles with confidence. Our school endeavors to prepare men for both community and individual life, and one of the greatest methods in bringing this about is the development of the rural community life.

"St. Joseph is the metropolis of the territory from which our school draws its support, and naturally we look to it to help us. We can help you, and our only wish is that the time may come when a Utopian relationship may exist between the two. We have received much from the city, and yet are asking even more.

"The Northwest Missouri Normal

school has gone forward rapidly in the last few years, and I believe that the future holds much in store for it. We have added new equipment, the curriculum has been improved so much that it now stands on a level with any of its kind in the United States. And we want the people of the city to realize this fact. Come and see for yourself just what we have to offer the young people of your city.

"And now I am coming to the methods by which I believe a closer relation may be brought about between St. Joseph and the Northwest Missouri Normal school. The secret of the whole thing, I believe, is that of improving the rural roads. I am a good roads enthusiast, but it seems to me that the importance of this phase of public improvement cannot be over-estimated. It means a closer linking of all sorts of community life, and this is what the Normal seeks to bring about. The high quality rural road is a factor, and perhaps the biggest, in bringing about a union between the town and country, the importance of which cannot be overlooked by anyone. I wish to congratulate the people of St. Joseph and Buchanan county in the splendid move that is now under consideration, that of issuing \$1,000,000 in bonds for the purpose of improving road work in this locality. May the project meet with the greatest success and may the time come when city and country are brought into absolute touch by means of this kind of improvement."

FLAG DAY FRIDAY.

No General Observance of the Day—
The W. R. C. Will Hold Cele-
bration Saturday.

Friday will be Flag day, but no general observance of the day will be made in Maryville. Flags will be hoisted on the school buildings and some of the public buildings. The national emblem adopted in 1777 was designed by Betsy Ross, a Philadelphia woman.

The W. R. C. of the city will observe the day on Saturday. According to the plans they will have exercises and also music by the Ladies' band in the court house yard. In connection with this will be an ice cream social.

ENROLLMENT NOW IS 457.

Debating Club to Be Organized Thurs-
day Afternoon—To Organize
Orchestra.

The enrollment of the State Normal school up to Thursday noon was 457. Several more will probably come for the special school term of forty-five days.

Great interest is taken by the students and several clubs and organizations are being formed. A debating club is to be formed and an organization perfected. A series of debates are to be given during the summer.

Steps were also taken Thursday to form a school orchestra.

PHIPPS AS CAPTAIN.

Lester Bennett as First Lieutenant as
Result of Company F Election
Held Wednesday Night.

At the election held in the armory Wednesday night of Company F, Ezra Phipps, who has been first lieutenant, was elected captain of the company to succeed E. S. Cook, who resigned. Lester Bennett was elected as first lieutenant. Both selections were unanimous. The election was in charge of Paul Sisson.

His Son Very Ill.

G. W. Hempstead was called by telegram Thursday morning to DeSoto, Mo., on account of the dangerous illness of his son, Rudolph Hempstead. The telegram was sent by G. W. Nichols of that place. Mr. Hempstead did not know that his son was in DeSoto, but thought that he was in Paducah, Ky., in his work with the freight office of the Illinois Central railroad. He received a letter from him about two weeks ago, saying that he expected to go to DeSoto about this time to attend the graduation of his friend, Mr. Nicholas, who was not known to Mr. Hempstead. This was the last word Mr. Hempstead had received from him, and the news of his illness Thursday morning was quite a shock to him. Mr. Hempstead thinks his son has succumbed to a nervous breakdown, due to overwork during the railway strike in Chicago, where he was summoned from Paducah to assist with the work in the offices there.

Guests From California.

Mrs. M. L. Slaughter and son, Blanchard, of El Monte, Cal., arrived in the city Wednesday night and is the guest of Dr. Grace Phelps.

Bedison Christian church will give a strawberry and ice cream social Saturday, June 15. All are invited.

IS HE IN COUNTY?

OFFICERS ALONG NODAWAY RIV-
ER ON LOOKOUT FOR MURDERER.

TRY TO TRACE SUSPECT

Unknown Man in West Part of County
Causes Uneasiness—One Arrest
Made in Illinois.

No arrest was made at Villisca, Ia., Wednesday or Thursday other than the arrest made at Monmouth, Ill., of Joe Ricks.

The authorities of Villisca, Ia., have ordered the police authorities of a number of towns along the Nodaway river to watch and be on the lookout for a man that didn't have on a shirt or a hat. Such a message was sent to Marshal Tibbitts of Skidmore Thursday morning by the chief of police of Villisca. The Villisca authorities stated that a man had been seen in the Skidmore neighborhood, and that they had been unable to trace him any further than that.

It is thought by the Skidmore people that probably the man the Villisca authorities had in mind was the stranger that appeared at W. J. Hitchcock's farm, five miles west of Skidmore, on Monday evening about 6 o'clock. He stayed at the Hitchcock home only about five minutes, and told him that he was from Omaha and was on his way to St. Joseph, where he had a brother. The stranger inquired the way to St. Joseph, and Mr. Hitchcock told him to go to Skidmore, then to Maitland and Savannah, and then on to St. Joseph. The stranger man then asked if he would go on south and missed these towns if he could get to St. Joseph that way. Mr. Hitchcock told him he could. The man said that he was very tired. He left Hitchcock's place and went on to Will Saunders' farm, where he spent the night in a barn on the place. From that place on the Skidmore people have been unable to find any trace of the stranger, who had on a brand new suit of clothes.

He was very tall. It is evident that the man wanted to keep off of the public highways. The people in that community were naturally suspicious when they heard of the Villisca murder the next day, and thought that the man might be connected with the affair.

WILL TAKE CHARGE OF ESTATE.

H. E. Ralston Was En Route to
Moore's at Time of Tragedy.

H. E. Ralston, formerly of Maryville, but now of Columbia, Mo., a traveling man, was called Wednesday to Villisca, Ia., to take charge of the estate of Joseph P. Moore, who was murdered Saturday night. Ralston and his family were on their way to visit the Moores, who were relatives, when they heard of the murder.

THE OIL CONTRACT LET.

The Work of Prospecting for Oil at
Hopkins Will Start Soon.

At a meeting of the board of directors of the Hopkins Gas and Development company held Tuesday at Hopkins, the contract was let to A. C. Mendenhall of Chanute, Kan., to sink one hole, and the contract stipulates that he is to load and ship his equipment from Chanute on or before June 20, which means that the work of drilling will be in full blast on or before the 4th of July, as it will take less than ten days after it is shipped for the machinery to reach Hopkins and be placed in working order, says the Journal.

The president of the company, Dr. D. A. Sargent, says it has not as yet been decided where the first well will be sunk, but that the directors will soon decide on this point, and that the work of drilling will be pushed with vigor—the contractor having decided to run two shifts of men and work day and night.

Guests From Michigan.

Mrs. Anna Tindler and daughter, Miss Anna, of Bangor, Mich., arrived in Maryville Thursday morning for a visit with Mrs. Tindler's sister-in-law, Mrs. H. P. Childress, and family. Mrs. Childress has two other guests, Mrs. Jennie Tindler and daughter, Mrs. Sadie Coop, of Minooka, Ill., who have been here several days, but expect to leave for their home Thursday night.

Mrs. Mary Keeler went to St. Joseph Thursday morning to spend the day with her daughter, Miss Frances, who will be graduated the 19th of June from Sacred Heart convent of that city.

NEW ELEVATOR HERE

WILL BE INSTALLED IN ST. FRAN-
CIS HOSPITAL NEXT WEEK.

\$150 NEEDED FOR FUND

Committee Will Receive Money or
Either of the Newspaper Offices
Will Take Subscriptions.

The new elevator for St. Francis hospital arrived in Maryville Saturday and will be installed some time next week.

The man whose business it is to place the elevators for the elevator company is busy installing elevators in other places and cannot reach Maryville before next Monday.

The committee in charge of the elevator fund, Mr. Nic Sturm and Mr. C. J. Alderman, lack \$150 of having enough money to pay for the elevator. Anyone wishing to contribute anything to this fund may see them or call the newspaper offices and let the amount they wish to subscribe be known.

This was one of the most needful things Maryville people have assisted in securing. The old elevator is positively dangerous, and only the careful manipulation of its machinery by the Sisters has averted many accidents. It is a bad thing to have in the hospital on account of the patients, for it creaks and groans fearfully on its trips and annoys the sick people.

BLUE GRASS FIVE FEET TALL.

Kentucky Blue Grass Region Has Rival
in Nodaway County Product.

Michael Ray, who superintends the farm of James B. Robinson, three miles south of Ravenwood, brought to The Democrat-Forum office Thursday morning a sample of blue grass taken from the pasture on that farm that is five feet tall and thickly headed. The grass was taken from a 40-acre pasture that is all in blue grass that will average five feet. There is also growing around this place blue grass that averages three feet in height.

TO SPEAK TONIGHT.

Attorney General Major at the Court
House on Political Issues of
the Day.

Attorney General Elliott W. Major will speak at the court house this evening at 7:30 o'clock. He arrived in Maryville on the afternoon Burlington train from Hopkins, where he spoke this afternoon. Mr. Major is a candidate for the Democratic nomination for governor of Missouri, and is here in the interest of his candidacy.

Won Columbia Scholarships.

Walter F. David of Maryville, who won the "Big Six" honors of William Jewell college at Liberty for the year 1910, when he was graduated from that institution, has just received word that he has won one of the scholarships given the students who made good in the law school of Columbia university in New York City the past year. His friend "Billy" Farr, who is visiting friends in the city, was also a winner of one of the scholarships in the same school. The scholarship stands for \$150, or the price of the tuition for one year, which will be free to them the coming year, because they worked good and hard the past year.

Will Move to St. Louis.

Miss Sebee Rowley arrived in Maryville Thursday morning from Webster Groves, Mo., where she has been teaching in the public schools the past year. Miss Rowley has been re-elected to her position there and will return to Webster Groves in about one month, accompanied by her mother, Mrs. S. R. Rowley. Miss Rowley and her sister, Miss May Rowley of St. Louis, have leased a residence in Webster Groves, and Mrs. Rowley will remain there for a year and make her home with them. When they are located it will be the first time in forty-one years that Mrs. Rowley's postoffice address has changed. Maryville has been her address since she and her husband, the late S. R. Rowley, located in Maryville at that time.

Waldo Holt Home.

Waldo Holt arrived in Maryville Thursday noon from Annapolis academy, where he recently graduated. Mr. Holt will be in the city for a month or so on a visit to his father, L. R. Holt.

Mrs. F. A. Ware of Barnard was in Maryville Wednesday.

WILL SING IN ASSEMBLY.

Mrs. Pearl Hutton-Schrader Will Give
a Few Numbers at State Normal
Friday Morning.

The people of Maryville may have opportunity to hear Mrs. Pearl Hutton-Schrader of Spokane, Wash., in the State Normal auditorium Friday morning at 10 o'clock, at the assembly hour. Mrs. Schrader is one of America's greatest singers, and her appearance at the Normal will be a rare opportunity for Maryville lovers of music.

The complimentary recital that was to have been given for Mrs. Schrader this Thursday evening by Director Landon in Recital hall has been postponed until Saturday evening on account of Mrs. Schrader's indisposition. About sixty of the friends of Mr. and Mrs. W. J. Hutton, whom Mrs. Schrader is visiting, have been invited to hear and meet their guest.

The announcement of this recital gave the impression that the public was invited to hear her, but anyone who will think a moment about the capacity of the hall will know that only a limited number can be seated. Mrs. Schrader will be heard to much better advantage in the Normal auditorium, if she is able to sing, because the size of the room will show the quality and range of her voice.

DEMENTED MAN HELD.

Man by Name of John Miller Picked
Up Near Hopkins and Brought
to Maryville.

A demented man going by the name of John Miller was arrested Wednesday afternoon six miles west of Hopkins and brought to Maryville, where Sheriff Tilson will hold him for several days for investigation. Miller had been in that community only a day or so and had been sleeping in the timber. The appearance of the stranger caused quite a bit of unrest in that community, as some people thought the man might have some connection with the Villisca murder case.

The man is about 30 years old, and when Sheriff Tilson asked him for his name he said:

"Well, my right name is not John Miller, but I will go by that name, as that is good enough."

When questioned further by Sheriff Tilson, Miller said he had served a penitentiary term at Jefferson City of four years and was released only last fall. The man is about 30 years old. Miller told the sheriff:

"I am crazy whenever I am in a crowd, as the people think I am that way."

GIANTS WERE VICTORS

In Second Game of Normal Base Ball
League—Criss and Wilson in
Pitchers' Duel.

| Standing of Teams. | | | |
|--------------------|------|-------|--------|
| | Won. | Lost. | P. Ct. |
| Giants | 1 | 0 | 1.000 |
| Athletics | 1 | 0 | 1.000 |
| Rounders | 0 | 1 | .000 |
| Pirates | 0 | 1 | .000 |

In the second game of the Normal base ball league the Giants nosed out the Rounders by a score of 6 to 4, at the Normal park Wednesday afternoon. Len Criss, the mainstay of the Normal pitching staff in 1911, worked on the mound for the Giants, and "Jew" Wilson, whom Coach Moore relied upon for about 99 per cent of the twirling this spring, was the Rounders' slab artist. Both heavies showed their old-time form and caused a large number of the sluggers to beat the atmosphere. The work of the two men was about even, and errors were responsible for most of the tallies. Coach Moore played the initial sack for the winners and showed his hopefuls how to double first base.

A double bill will be put on Saturday, beginning at 2:30, when the Giants meet the Athletics and the Rounders hook up with the Pirates.

CLEARMONT MAN ARRESTED.

Charged With Assault With Intent to
Rape—Man is 59 Years Old.

Newton Powell of Clearmont was arrested Wednesday on a charge of assault with intent to rape. The prosecuting witness is Metta A. Maddox. Mr. Powell is 59 years old. The case will come up at the June term of circuit court.

TEDDY GOT 8 IN MO.

FOUR AT LARGE AND FOUR DIS-
TRICT DELEGATES TO COLONEL.

TAFT WON IN 3 DISTRICTS

The Big Eight Was Cut to Four, Who
Were Given to Roosevelt—Six
for the President.

Missouri, with its contests, occupied the boards before the Republican national committee at Chicago Thursday. The committee gave Roosevelt the four delegates at large from this state. At the Republican state convention they selected eight delegates at large with half a vote each, but the committee decided that four was the right number, and it was unnecessary to increase the number of delegates. The vote on this contest was unanimous.

The other Missouri contests, the first district, the third district, the fifth district, the seventh district and the fourteenth district were compromised. Taft receiving six of the delegates and Roosevelt four. The dispatch from Chicago did not state the districts that Roosevelt got, but it is thought it was the fifth and fourteenth.

Famous Astrologer and Clairvoyant Visits Maryville

Mr. W. R. Bernay of St. Louis, is for
a Week at Fourth and Buchanan
Streets.

Mr. Bernay visits the cities and important towns in Missouri periodically. He is the principal of the St. Louis School of Practical Psychology and is recognized by press and public as the foremost and most brilliant life reader in existence.

Without asking a single question Bernay tells your full name, age, occupation, and gives advice and information on every subject of importance. If you are in doubt or trouble about business, speculation, investments, friends, enemies, courtship, love, marriage, divorce, sales of property, wills, deeds, hidden treasures, travels, changes, etc., you should consult Bernay.

You need not be a bit ashamed of the fact that you consult a clairvoyant. In this age of advancement only the ignorant scoff at this subject. When you can hardly pick up a magazine or newspaper without an article on occultism, when the world's most famous students, preachers, lawyers, statesmen, medical savants devote much of their valuable time to this subject—can you afford to scoff without investigating?

To consult with a clairvoyant of ability may mean fortune, wealth, domestic happiness to you. It does not conflict with common sense or religion. "The stars incline, but do not compel." If it's not in you to be a millionaire, Bernay cannot make you one. BUT—he can see every chance in your life, possibly the very chance that you would ignore and which will put you on the road to success and happiness.

Mr. Bernay may be consulted daily (except Sunday) at his strictly private offices at the corner of Fourth and Buchanan street from 10 a. m. to 9 p. m. His charges for consultations are \$1.00 and \$2.00. Everything strictly confidential.

Mr. Mitchell will arrive in St. Joseph next week to be the guest of his fiancée, and together they will visit Mr. and Miss Otis' parents, Mr. and Mrs. J. N. Otis of near Hopkins. Mr. Mitchell's home is in Conway, Ark. He is a graduate of the Missouri state university.

Mrs. J. A. Ford and daughter, Miss Helen, went to St. Joseph Wednesday evening to visit the family of Mrs. Ford's cousin, R. C. Benight.

COWPEA HAY FOR DAIRY COWS.

Has About Same Feeding Value as Alfalfa and is Some Better Than Clover.

What about the hay crop? Will you have plenty of good forage for next winter or will you be forced to fall back on straw or crab grass hay? Cows cannot maintain their milk yields unless fed liberally of the right kind of feeds. These feeds must contain a relatively large amount of protein. This is furnished most cheaply in forage. It is not found in sufficient quantities for milk cows in timothy, prairie grass, crab grass, sorghum or straw, but is found in cowpea, soy bean, alfalfa or clover hay.

The cowpea has about the same feeding value as alfalfa and is some better than clover. Cowpeas can be sown after wheat or oats, and will generally mature enough to cut for hay before frost. As soon as the crop which they are to follow is removed the stubble land should be double disced and then harrowed to make the best possible seed bed. The seeding can be done with an ordinary grain drill using the oat cups wide open. This will sow at the rate of four or five pecks to the acre.

It is best to cut the peas for hay when the first pods ripen, shocking them in narrow high shocks the day after cutting, and allowing to cure in the shock for a couple of weeks. With favorable weather the hay will be ready to bale, stack or mow away at the end of that time. Rains do not harm the hay very much when in the shock.

On average soil sown as indicated above in an average season, cowpea hay makes about a ton per acre. Farmers with dairy cows or any other live stock should sow as much as possible on stubble or any other vacant land. Now is the time to get ready to sow, so says the department of dairy husbandry, University of Missouri at Columbia.

Gave Them a Surprise Party.

The children and friends of Mr. and Mrs. C. T. Dougan of Barnard gave them a very happy surprise dinner Sunday in celebration of Mr. Dougan's sixty-third birthday. It was a complete surprise to both Mr. and Mrs. Dougan, and also Miss Effie Dougan, who had gone to church and knew nothing of it until she returned. All brought well filled baskets with good things to eat, and dinner was served at 2 o'clock. All enjoyed a very happy day and departed wishing Mr. Dougan many more such happy birthday anniversaries.

All the children and grandchildren were present, with the exception of Mr. and Mrs. Willie Pearce and two children of Marysville, Mo.

Those present were Mr. and Mrs. Frank Dougan and children, Mr. and Mrs. Elmer Dougan and children, Mr. and Mrs. Walter Dougan and daughter, Mr. and Mrs. Lee Rasco and children, Mr. and Mrs. John Dougan, Mr. and Mrs. S. S. Dunn, Mr. and Mrs. Roy Dane, Mr. George Dunn, Jr., and Mrs. Wilmer Clayton and son, and Miss Effie Dougan.

Left for Idaho.

Mr. and Mrs. J. S. Stewart of Parnell, who have been spending a few days in Maryville at the home of Mrs. Hooker's sister, Mrs. Hal T. Hooker, left Wednesday evening for their new home in Twin Falls, Idaho.

Gone to Oklahoma.

Mrs. Hosea Torrance and her granddaughter, Miss Mary Woodbridge, left Wednesday evening for Okmulgee, Okla., to visit her son, L. B. Torrance, and family. They will visit in Kansas City and St. Joseph on their return.

Children's Day Exercises.

The Pickering M. E. Sunday school will give their annual children's day program next Sunday evening, June 16, beginning at 8 p. m. All are cordially invited to attend.

Returned to Oklahoma.

Mrs. Melborne Archer of Billings, Okla., and Miss Ethel Archer of Medford, Okla., who have been visiting Mrs. James Richardson of Elmo, left for their home Wednesday evening.

Visiting in the City.

Mrs. V. Danford of Stockton, Cal., and daughter, Mrs. James Maharry of Lenox, Ia., arrived Thursday to be guests of Mrs. C. J. Alderman for two or three days.

Mrs. Charles C. Allen and son of Kansas City arrived in the city Wednesday night on a visit to Mrs. Allen's sister, Mrs. Edward G. Orear.

Summer Fabrics That Are In Much Demand

We are always on the watch for the new fabrics which prove to be in demand—here we give a short list of the most popular fabrics used.

Ratine Cloth

For the smart Norfolk suits so much in evidence now, and for making skirts and coats, this ratine cloth is especially suitable. The ratine cloth received this morning is very rough and comes in four shades—white, china blue, champagne and linen. 38-inches wide. Price \$1 a yard.

Linen Cloths

Linen cloth on account of its ability to shed dust readily is adapted for making motor and traveling coats, and because it wears well many Norfolk suits and skirts are made of it. We carry the heavy crash linen, the ramie linen and the heavy suiting linen. In the natural color, light and dark blue, pink, rose, and lavender. Prices range from 35c to 50c a yard.

Pique and Cotton Corduroy

Plain white, in wide, medium and narrow welts. Three weights; priced at 35c, 40c and 50c a yard.

Air Loom Mulls

One glance at these Air Loom Mulls will show their desirability for making evening costumes and dainty summer dresses. The June Bride, too, can discover many uses for them. Has silk running one way, giving a very fine silk luster. An unusually good value for 35c a yard.

Mercerized Serges

Plain cream serges, and white with black stripes, and cream with black stripes, 36 inches wide. Very desirable for outing wear. Price 35c a yard.

Pongee Silk

This extra heavy Pongee Silk is much used for making fine motor suits and coats. In serviceable tan and dark gray shades. Full 36-inches wide. Price 75c a yard.

Holly Batiste

Holly Batiste is the standard fine batiste of America. Made from carefully selected cloths, warranted full count and guaranteed to be perfect. 30-inches wide. Price 15c a yard.

MEXICAN REBELS ARE ENCOURAGED

General Huerta's Resignation Demoralizes Federals.

EXPECT TO SECURE BIG LOAN

Revolutionists Receiving Fresh Ammunition Daily—Government Forces Lost Heavily Near Casas Grandes.

Chihuahua, Mex., June 13.—Reports of partial demoralization in the federal ranks, due to Gen. Huerta's determination to resign command, have inspired the rebels with fresh confidence. To hold Chihuahua against the federal Gen. Orozco has sent West and North a considerable force of men, and Gen. Campa received orders to lead a column northward and eastward from Falmir in the direction of Ojinaga.

The rebels insist that their supply of ammunition is being augmented almost daily, and express optimism regarding the efforts being made to float the loan of \$5,000,000 in gold authorized by the state legislature.

Federals Defeated.

Capt. Castillo defeated a force of Maderistas under Capt. Bencomo Aguaje, on the line of the Kansas City, Mexico & Orient, near Casas Grandes.

The government band lost heavily and fled, leaving their horses behind, according to official reports to headquarters. The rebel loss was two dead and seven wounded, who were brought here.

Campa to Move Eastward.

El Paso, Tex., June 13.—Gen. Orozco announced at Chihuahua that he had ordered Gen. Campa to move eastward on Ojinaga, where federalists under Gen. Sanjines are gathered. The general impression, however, is that Campa actually has been directed westward to harass the big federal columns stretched along the Mexican Northwestern railroad from Minaca on the south to Pearson on the north. This cordon of government troops on the west flank of the rebel zone is admittedly much more formidable than the forces under Gen. Sanjines. The forces coming from the west, however, under the general command of Gen. Jose De La Luz Blanco, when united, will number at least 3,000 men.

MUST QUIT GROWING TOBACCO

Methodist Farmers in Canada Ordered to Cease Raising Profitable Crop.

Detroit, June 13.—"Thou shalt not grow tobacco," is the newest commandment of the Methodist church in Canada, affecting church members who are farmers in the rich tobacco growing lands of Essex county, just across the river from Detroit. Methodists who continue to cultivate the weed will do so in face of the "uncompromising opposition" of the governing body of their church.

MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes?

Cardui is the medicine you need. We urge you to try it.

PRESIDENT TAFT GAINS 40 MORE

Contests in Five States Settled Against Roosevelt.

STILL 112 CASES TO PASS ON

Committee Members Expect Convention to Open Before Work is Completed—Missouri and Oklahoma Come Next.

Chicago, June 13.—President Taft gained 40 more votes in the Republican national convention, through the settlement of contest cases by the national committee.

It was a day of Taft victories exclusively. In the cases of the California, Arizona and Michigan contests, the Roosevelt forces made a fight and voted their full strength against the Taft delegates.

In the California case they obtained a rollcall, losing 16 to 37; in the Arizona contest they failed to get a rollcall, and in the Michigan case none was asked, although they voted against seating the Taft delegates-at-large.

Five States Settled.

The contests settled in favor of President Taft were:

Arizona—Delegates-at-large... 6
California—4th District... 2
Louisiana—Six delegates-at-large and 1st, 2d, 3d, 4th, 5th, 6th, 7th districts... 20
Michigan—Delegates-at-large... 20
Mississippi—4 delegates-at-large and 1st district... 6

Total... 40
Pearl Wright, national committee-man from Louisiana and the Roosevelt leader there, lost in his fight to seat the Roosevelt delegates from that state.

An effort was made by Committee-man Harry S. New to end the long standing difference among Louisiana Republicans by officially recognizing the Loisel faction, now controlling the state Republican organization there, but Mr. Wright headed off such action.

Unseated Gov. Osborn.
Gov. Chase S. Osborn of Michigan and his Roosevelt delegates-at-large were unseated by the decision of the Michigan case for Taft.

The national committee had before it, when it adjourned at night, 112 contested seats still to pass upon. Chairman Victor Rosewater, in a statement at the end of the session, said the committee was not keeping pace with the work of the last convention. Members of the committee fear that the contests will run well over into the opening day of the national convention.

The remainder of the Mississippi contests, and those from the states of Missouri, North Carolina, Oklahoma, South Carolina and Tennessee will, it is believed, be disposed of next.

ALUMINUM WINGS NOT STRONG

Death of Army Aviators Was Caused by Weakness of Machine Being Tried Out.

Washington, June 13.—Lieut. Leighton W. Hazlehurst, the army aviator, and Arthur L. Welsh, the Wright pilot, who were killed in the collapse of an army aeroplane at College Park, Md., probably met death as the result of Welsh's anxiety for the speedy 2,000-foot climb they were attempting.

Officers of the army signal corps point out that the collapse of the aluminum wings of the big plane probably was caused by the unusual strain thrown upon them when Welsh sharply increased the speed. It was the first army machine to be equipped with metal wings and their strength was more or less an unknown quantity.

A special board of inquiry met on the aviation field to investigate the accident.

DEATH LIST WAS EXAGGERATED

Only One Life Lost in Wyoming Cloudburst—Property Damage Over \$400,000.

Billings, Mont., June 13.—When telephonic communication was restored to Buffalo, Wyo., reports that the cloudburst which sent a wall of water down the narrow valley of Clear creek canon upon the town had caused many deaths, were proved unfounded. One man was drowned, but others reported as missing have been found.

A dozen frame and brick buildings were washed away. The property damage is estimated at \$400,000.

Earthquakes in Georgia.

Augusta, Ga., June 13.—Distinct earth shocks were felt here, at Columbia, S. C., and Savannah, Ga. Houses were rocked and the sleeping inhabitants were awakened when their beds swayed and moved several inches. Three shocks were felt, each lasting about 15 seconds. Little damage was done and no person was hurt.

Degrees to 400.

Iowa City, Ia., June 13.—Nearly 400 graduates received degrees at the University of Iowa commencement. The commencement address was delivered by President John H. Finley of the College of the City of New York.

BERNEY HARRIS

Maryville's Leading Clothier

Received an "ad" from large New York house which reads:

"To Make a Man Buy Seize His Eye"

Did you ever hear a more cold blooded proposition? "Berney" says he will not seize a man's eye because He does not want Maryville people with only "one eyed men" Then the many "Nobby and Nifty Styles" of well made articles carried in all the different departments of this

"Strictly High Grade Clothing Store"

Are sufficient to "attract men's eyes" without stealing their optics.

"The prices being so very reasonable."

All prices are marked in plain figures.

And these prices prevail to every customer alike

Which "Attracts" your "coin" to Berney's cash register, but allows you to depart with as many eyes as you entered store.

But this "ad" was not intended to simply tell of the many nobby styles of highgrade Clothes or their very reasonable prices, or the square deal we give every customer by having

"Strictly One and the Same Price to All"

As nearly everybody in Maryville and Nodaway county knows that

But the Women of Nodaway county Are after the Men of Nodaway county They are tired of darning your socks.

They are wearing "Holeproof" Hosiery and so are their children. Six pair are guaranteed not to have holes for six months from wear. If holes come from wear anytime within six months from date of purchase.

"Don't darn them. Send the Socks back. Get new pairs free."

That is why the women are after the men—they want you to go to **BERNEY HARRIS STORE**, buy 6 pairs men's "Holeproof" hose for \$1.50 for yourself, also buy 6 pairs for your wife and children.

Just as going to press with this "ad" received another suggestion from that "New York ad writer" something about Three Volts of Electricity.

"In the Sometime" or "Any old time" I wonder if he wants me to "shoot those "three volts of electricity" into those one eyed men he wanted in Maryville.

CALIFORNIANS ARE AROUSED

Unseating of Delegates Caused Great Demonstration.

WOULD SUPPORT THIRD PARTY

Three Thousand at Depot When Delegates Left, Urging Them Not to Return Unless T. R. is Nominated.

Los Angeles, June 13.—Declaring that the California delegation would bolt if Taft was nominated at the Chicago convention the delegates, including the two women delegates, left at noon on a special train for the convention city.

Three thousand men and women were at the station to urge them by resolution to bolt if need be, but not to come back unless Roosevelt were nominated by one or another convention.

The two delegates from the fourth district, who were deprived of their seats, gave out signed statements as follows:

By Charles S. Wheeler, who is a leader of the San Francisco bar: "It is not so much a move against us as against the will of the people whom we represent."

By Phillip Bancroft: "It is rank robbery and we do not intend to stand for it. We are prepared to fight to the finish for the places to which the Republican voters of California have elected us."

Protests From 3,000.

A great mass meeting was organized at the station immediately after the train had pulled out. The resolutions adopted condemn as a betrayal of trust, a violation of the precepts of decency and honor, and as an intentional assault upon the integrity of the Republican party the outrageous conduct of the Republican national committee whereby delegates chosen by the people of their respective states in the interest of Theodore Roosevelt are being denied seats in the convention.

Suffragettes Out in Force.

Marshall Stimson, a southern California delegate, declared that the California delegation will stick to Roosevelt to the last and if there is any bolting they will support him.

Mrs. Florence Collins Porter and Mrs. C. D. Blaney, the two women delegates, were given a great send off by the suffragists organizations.

Newspaper supporters of the "progressive" wing of the Republican party greeted the delegation with editorials urging them to support a third party movement if Roosevelt should not be nominated.

TRAVELERS HAVE LIVELY TIME

Egyptian Hustlers of Illinois Meet at Du Quoin for Good Time—Business Comes Last.

Du Quoin, Ill., June 13.—The biggest meeting ever held by the Egyptian Hustlers, the organization of commercial travelers of southern Illinois, opened here today with a reception to the visitors. In the afternoon all gathered in the city park and Mayor Jacobs welcomed them. President Pace responded and then the queen of the meeting was crowned. A parade of the hustlers, clad in white suits, followed, ending at the aviation field, where there was an aeroplane exhibition and a band concert. The evening program includes fireworks and a ball. Tomorrow a program of amusing races and other athletic events will be followed by a band concert and a mardi gras parade. The meeting closes with business sessions on Saturday.

WESTERN CEMENT RATES STAND

Interstate Commerce Commission Refuse Tariff Change on Complaint of Kansas Mills.

Washington, June 13.—The interstate commerce commission declined to disturb existing freight rates on cement in the Middle West, "except as to Oklahoma, where certain reductions are made to place Oklahoma on a substantial parity with other cement rates in this general territory." Certain cement mills in Kansas complained to the commission that their rates on cement to Kansas City and destinations in Missouri, Nebraska, Colorado, South Dakota, Montana, Oklahoma and Texas were unreasonable and discriminatory. With the exception of the Oklahoma rates, the tariffs were permitted to stand.

Lost a Mine Bath Test Case.

Pittsburg, Kan., June 13.—Phillip Roser, superintendent of the Western Coal Mining company, was found guilty in the district court of violating a new state law requiring mining companies to furnish bath houses to employees. The trial was regarded as a test case under the new statute.

Body Found at Rich Hill.

Rich Hill, Mo., June 13.—The body of an unidentified man was discovered by boys floating down the Maries des Cygnes river east of Rich Hill. It has not yet been recovered and there is no clue to the identity.
